			Meet and Qualifier host training					

Title	Overview
Block	A class that will start with an introduction to block programming techniques. The class will demonstrate how to integrate programming with the control systems.
Why didn't we win awards?	Have you ever felt that everything was perfect but you didn't win an award?
Dean's List Award	Learn how to submit a Dean's list award.
Inspire	What does it take to win the Inspire award?
Surviving your rookie year	Learn how to navigate that 'FIRST' exciting year.
Engineering Notebook	The engineering notebook is critical to FTC success. Learn all about it.
QP/RP why does it matter?	A look into how RP and TBP effects your placement in events and advancement. What is MOFTCScores and why do I care?
Meets/ Qualifiers	Organizational meeting for Meet and Qualifier Hosts
Mechanical Design	Mechanum wheels, all-wheel drive, faster is better... explore drive trains and grippers in your design.
Electrical Design	Good wiring is needed on a robot. GREAT wiring will allow you to have more success at the events.
Game Strategy	How do you breakdown the game and determine your objectives for the season.
Why do we do FTC?	Coach's perspective on how to manage the team through the stress of the season.
